## Job Description

### Sheep Milk Yogurt Consultant

#### **Job Summary:**

We are a California-based sheep milk yogurt company seeking an experienced consultant to assist us in the development of yogurt and kefir recipes, as well as the optimization of our industrial equipment. The ideal candidate should possess a strong background in food science, with a focus on industrial yogurt production. Moreover, expertise in working with sheep milk and familiarity with industrial equipment is highly desirable.

#### **Responsibilities:**

- Develop stirred-type yogurt and kefir recipes, with or without fruit and other flavors, that showcase the unique flavor and texture of sheep milk yogurt
- Identify and recommend specific cultures suitable for sheep yogurt to enhance the brand's distinctive taste and identity
- Optimize our industrial equipment to maximize production efficiency and ensure consistent product quality
- Provide guidance on sourcing high-quality ingredients and materials
- Develop and implement quality control measures to ensure product safety and compliance with industry regulations
- Conduct research on emerging trends and innovations in the yogurt industry
- Develop and consult the production line
- Train and educate our production team on best practices for yogurt production

**Requirements:**

- Bachelor's or advanced degree in food science, dairy science, or a related field
- At least 5 years of experience in the dairy or food industry, with a focus on yogurt production
- In-depth knowledge of yogurt cultures and production techniques
- Familiarity with industrial equipment used in yogurt production
- Ability to consult in designing the production line
- Strong problem-solving and analytical skills
- Excellent communication and interpersonal skills
- Ability to work independently and as part of a team
- Willingness to travel as required and be comfortable offering consulting services remotely, utilizing video call platforms

**Contact us:**
